Zoom Updates: Password Settings to access

Shared Cloud Recordings

1. Go to http://southalabama.zoom.us and click the Sign in button. Click on the recordings tab and click the Share button on the video you wish to share.

2. Make sure "Share this recording" is set to public and the password is toggled off. You can then copy and paste the video share link into your course.
3. If you would like to turn this feature off for all future recordings, click on "Settings" and click on the Recordings tab.

4. Scroll down to Only authenticated users can view cloud recordings, toggle it off. Toggle Require password to access shared recordings on.
